RESEARCH SUMMARY

19	18	2	0	1.30	8%
Publications	Citations	h-index	i10-index	Field-weighted impact	World top 10%

Counted from the 19 publications listed below, 2008–2026. Field-weighted impact is the mean over the 12 works scored for it; 1.00 is the world average for works of the same field, type and year. 1 of the 12 papers scored for it are among the world's most cited tenth for their field, type and year.

POSITIONS

Junior Research Fellow 2025–present
Department of Economics, Heberger Business School, St. Cloud State University, Saint Cloud, United States
